

Pierre de Coubertin Award – Alexandra Worth

The QLD Olympic Council Recognises a student in Years 10, 11 or 12 who has made an outstanding contribution to sport not only through their own participation but who has also demonstrated initiative, teamwork, sportsmanship, fair play and encouraging others to have a go in your school.

The Awards program is named after the founder of the Modern Olympic Games, Baron Pierre de Coubertin. The program is designed to emphasise participation and commendable sporting behaviour consistent with the Olympic Movement. It is not primarily intended to reward elite performance alone.

Each Queensland secondary school is invited to nominate one student (only) from year 10, 11 or 12 as its Pierre de Coubertin Award nominee. At some stage during years 8 - 12 the nominee must have represented the school, district or region in at least three sports in the competitive arena, demonstrating initiative, teamwork, sportsmanship and fair play.

Good Counsel College was proud to nominate Alexandra Worth as the 2015 Pierre de Coubertin Nominee. Congratulations Alexandra on your achievements and success in promoting and participating in sport not only within the college but throughout the community. We wish you well in your future sporting endeavours.
